

Hospital information system

Dashboard

Form

The screenshot shows the 'Hospital information system' form. The form fields are: Patient Name (text input), Age (text input with placeholder '#####'), Gender (dropdown menu with '-Select-'), Doctor Name (dropdown menu with '-Select-'), Disease (text input), Admission Date (text input with placeholder 'dd-MMM-yyyy'), and Status (dropdown menu with '-Select-'). A 'Submit' button is located at the bottom right. The sidebar and user profile are consistent with the dashboard view.

Report
